**Source Reporting:**

A source who is in a position to testify provided the following information:

The source said that at least on two different occasions, TED STEVENS asked him/her for an invoice for the work that VECO Corporation performed on STEVENS' Girdwood residence. The source never sent an invoice to STEVENS because he/she wasn't sure how to produce an invoice. If the source had sent an invoice for the actual costs incurred by VECO, the source does not believe that STEVENS would have paid it because STEVENS would not have wanted to pay that high of a bill. The source thought that STEVENS would probably have paid a bill from VECO if it was a lesser amount than the actual costs. Part of the reason that the source did not want to provide an invoice was that he/she felt that VECO's costs were higher than they needed to be. The other rationale was that the source simply wanted to do the work for STEVENS.
